

Chinese CCC/RoHS Training Seminar

This seminar will introduce the Chinese quality supervision system and regulation on CCC (China Compulsory Certification) and Chinese RoHS. These systems impact a variety of manufacturing sectors. We will discuss which products are covered as well as the procedures involved to become certified. Attendees will gain an understanding of the benefits, challenges, and how to go through the mandatory CCC marking processes.

You and your company will benefit from the following information:

- Specific Chinese laws relating to CCC
- CCC participating bodies
- Requirements
- Conformity routes / certification models
- Product categories and their relevance to your company
- Analysis of implementation rules
- Certification procedures
- Application of CCC Mark
- Fees

Your – products “Visa” to China
